### **IV. Why are we doing it?**

- We believe every child must pursue a career in which they have an Interest, Aptitude & Opportunities for success.
- The conventional education system & social environment focuses more on students with interests in Mathematics, Science, Languages & Social Sciences. They do little to discover creatively inclined students and develop this creativity into a rewarding career.
- **SILICA is Your Design Career Guide.** We conduct Comprehensive Aptitude Tests, provide Career Guidance & conduct **Entrance Exam Preparation for NID | UCEED | NIFT | NATA | ART CET etc.**
- As part of our mission, we are conducting this **FREE Drawing & Design Contest** across India in April 2023.
